SWIM

THE TRADITION OF EXCELLENCE

WHY CHOOSE US?

Five-acre complex facility completely renovated in 2018

WHY MISSION VIEJO?

There's simply nothing like swimming in Mission Viejo. Here, you'll find a golden combination of weather, facilities, location, access to coaching and competition that is simply unparalleled.

The x-factor is Mission Viejo's singular role as "Home of the Nadadores." Founded in 1968, the Nadadores has grown into one of the nation's largest swimming clubs and the non-profit club is the only one to have had its athletes represented in every Olympics since 1976.

That tradition of excellence – and the domino effect it creates throughout the entire community -- is exactly what brings the world's best swimmers, and those who train, coach and support them, to Mission Viejo.

There are memories for me here. My first nationals. I broke a world record in this pool. It shaped who I was as a swimmer and really who I was a person."
Rowdy Gaines, Three-Time Olympic Gold Medalist
